PROFESSIONAL EXPERIENCE

Cryoflame Technologies
Full Stack Web Developer   **Feb 2025**

- Developed and maintained e-commerce platforms, college management systems, and dynamic websites including a custom furniture catalog.
- Built responsive front-end interfaces using HTML, CSS, Bootstrap, and JavaScript.
- Executed robust back-end functionality in Python Django, including authentication, admin dashboards, and dynamic content management.
- Integrated payment gateways and optimized database queries for better performance.
- Worked closely with clients and designers to gather requirements and deliver tailored solutions on time.
- Supplied ongoing maintenance and updates to ensure sites remained secure and up to date.

Freelancer
Network Support Engineer   **Jun 2022 - Jun 2024**

- Started freelancing by taking up new projects in Kerala and worked with various clients like TCS, Wipro, EXL, and banks including IDBI, SBI, SIB, BOB, HDFC, etc.
- Installed switches, routers, servers, and firewalls.
- Configured and mounted several network devices.
- Troubleshooted and performed cabling of various network systems.
- Installed and configured more than 150 new PCs and restructured the network in collaboration with the Kerala Customs Office.

Sysnet Global Private Limited
Technical & Network Support Engineer   **Aug 2021 - May 2022**

- Worked at IDBI Bank regional office, providing IT and network support for 150+ employees.
- Managed remote ticketing systems to track, prioritize, and resolve technical support requests efficiently.
- Monitored network performance and implemented preventive maintenance to minimize downtime.
- Troubleshooted network failures, configured Outlook email, resolved OS issues, performed installations, and addressed connectivity problems.
- Provided user training and guidance to help employees adopt new systems and resolve basic technical issues independently.
- Maintained detailed documentation of configurations, procedures, and troubleshooting steps to support knowledge sharing and compliance.

Quicknet IT Solutions

WordPress Developer   **Nov 2019 - Nov 2020**

- Designed and integrated 20+ websites using Elementor Pro, enhancing performance and customizability with various plugins.
- Improved website performance for portfolios of multiple business clients, resulting in an average of 20–25% more leads per month.
- Assisted the senior developer in building an e-commerce website using WooCommerce, including product catalog setup and payment integration.
- Customized WordPress themes to align with client branding and improve user experience across desktop and mobile devices.
- Enforced SEO best practices, optimized images, and configured caching plugins to achieve faster page load times.
